

**WAIT!**

**WHAT YOU CHOOSE  
HERE CAN HELP KEEP  
OUR NATIVE WILDLIFE  
SAFE, AND IT'S EASY**

SGARs ("Second generation" rodenticides) are attractive and lethal not only to rats and mice, but also to pets and wildlife such as quolls, owls, magpies, possums and others. Please keep our region Wildlife-Friendly, and choose one of the less harmful methods of control below.

**Less Harmful ✓**

- Live or snap traps
- Yates RATSAC Naturals Rodenticide Bait Pellets
- Yates RATSAC Double Strength Bait Station

Rodenticides with active ingredient: Warfarin  
 Rodenticides with active ingredient: Coumatetralyl

**Bad for wildlife ✗**

- Yates RATSAC Fast Action reusable rodent bait station
- Yates RATSAC Fast Action Throw Packs
- Yates TALON Rat and Mouse Killer All weather blocks
- Bainbridge Bait Blocks Rodenticide
- Barmac Tomcat II Red
